DESIGN WEBSITE - CMS

(This is the cost of a larger website that would be suitable for companies that want to provide more information about their products and services. Each page will consist of up to 1000 words and have up to three images and standard text content.)

What else is included?

- A standard online enquiry form can be included on the contact details page if required.

What else is included?

- A standard online enquiry form can be included on the contact details page if required.

What else is included?

- A standard online enquiry form can be included on the contact details page if required.
- Basic Search Engine Optimisation (SEO) is included in all of the above options.
- Design of a graphical masthead with your company name or logo (if you have one) is included.
- Search Button

*What's a content management system (CMS)?

A content management system is software that keeps track of every piece of content on your Web site, much like your local public library keeps track of books and stores them. Content can be simple text, photos, music, video, documents, or just about anything you can think of.
